

Upcoming Needs

HERE ARE SOME WAYS EMMANUEL FOLKS CAN USE OUR RESOURCES TO HELP THE WIDER COMMUNITY THIS FALL:

New & Unused Water Bottles

Many schools and public agencies have closed their water fountains and made the switch to water bottle filling stations to help limit the spread of COVID-19 this season. We're looking for water bottles to make sure people can have easy access to drinking water when they need it.

Spare School Supplies

This year classrooms aren't able to rely on shared supplies to make sure every kid has access to the tools they need in the classroom. If you can donate an extra pack of markers, pencils, pencil crayons, or erasers they'll help a lot!

Sewing Skills

We're hoping to make some spare masks for local schools to have in case kids misplace or don't have masks in the first place. We'll be putting together kits of pre-cut pieces with very simple instructions, so if you have the ability to stitch some together we'd love to have your help!

Sleeping Bags/Towels/Toiletries

From September 1st-October 15th, we'll be joining an initiative through EGADZ and ShareWarmthYXE to help the EGADZ drop-in centre collect the items they'll need heading into the cold season. They'll be looking for new sleeping bags, women's toiletries, towels & wash cloths, and drink crystals.
